BAD! BAD!! BAD!!!

Bad blood comes from bad digestion--bad stomach, bad liver, bad kidneys--attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident. I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landwehr, Esq., Alderman in 15th Ward, Buffalo, N. Y., of 1200 Erie Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty years, and do not wonder at his success, for he is a physician and man of sterling qualities. He has in his Sanitarium a corps of specialists who are chosen because of their unusual knowledge and professional skill." "If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists."

The People's Common Sense Medical Adviser, by Dr. J. C. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 31 one-cent stamps for mailing only; or cloth-bound for 31 cents. Address the Author, as above.

YOUR HAT
May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Hairdresses are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs--that way is to apply Newbro's Herpicide. The scalp--it will kill the germs and healthy hair will result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Charged With Wife-Murder.

Dr. J. B. Mathews, a well-known physician, was arrested at Greensboro, N. C., last night on a warrant charging him with the murder of his wife, who died last night after suffering excruciating agony for more than twelve hours. Her death, according to Dr. J. P. Turner, the coroner, who was called to her bedside, resulted from a dose of strychnine, followed by one of morphine, which Coroner Turner alleges was administered to the woman by her husband.

Dr. Mathews was arrested at midnight. He maintains that while he prescribed for his wife he did so in the hope of alleviating her pain.

Coroner Turner, who swore out the warrant against Dr. Mathews, alleges that after suffering for hours the dying woman directed her ten-year-old son to seek another physician, her husband, according to the coroner's story, having refused to summon any one.

Dr. Turner, who was the first to reach the stricken woman's bedside, diagnosed the case as one of poisoning, and at once administered antidotes, which failed to have the desired effect. As the end approached, Dr. Turner alleges, the husband entered the wife's bedroom and asked Dr. Turner if he might kneel at the bedside and pray with his wife, requesting Dr. Turner meantime to leave the room, which Dr. Turner refused to do.

Dr. Mathews knelt at his wife's bedside, and, clasping one of her hands in his, prayed in a voice plainly audible throughout the room. Dr. Turner says he noticed that his patient was writhing in pain, and, approaching the bed, he threw back the coverlets and said that he discovered a hypodermic syringe had been plunged into the woman's leg. He says he seized the syringe and ordered Mathews from the room. Mrs. Mathews died a few moments later.

Porte Wants Modification.

A Russian torpedo-boat destroyer arrived at Athens yesterday. Her commander, in an interview, said that the Turkish governor of the Island of Mytilene on Thursday presented to Vice Admiral Ritter Von Jedina, commander of the international fleet, an official dispatch from Constantinople, in which it was stated that the Porte would accept the proposals of the powers for the financial control of Macedonia with modifications. Admiral Ritter Von Jedina replied, according to the Russian officer, that if by Sunday at midday the Porte had not definitely accepted the demands the international fleet would occupy the islands of Lemnos and Imbros.

Advices received by the foreign office in Paris indicate that Turkey is going to yield to the demands of the powers for the financial control of Macedonia. The international fleet has not been ordered to leave the Island of Mytilene for aggressive action elsewhere.

An extraordinary council of ministers was in session at the Yildiz Palace in Constantinople to consider the situation arising from the refusal of the ambassadors to modify their demands in regard to the financial control of Macedonia. Tewfik Pasha, the foreign minister, previously interviewed the British ambassador, Sir Nicholas R. O'Connor, urging a compromise, which would not injure the Sultan's dignity, but the Ambassador was obdurate. He declared that any modification of the scheme was impossible.

Lewis Nixon and the Czar.

A dispatch from St. Petersburg says Lewis Nixon, of New York, was received in audience by Emperor Nicholas yesterday afternoon. The audience took place in the palace at Tsarkoe-Selo, and was unusually long for an audience of a private character, lasting over half an hour. Vice Admiral Birell, minister of marine, was present. His majesty displayed not the slightest trace of the gloomy dejection in which he is pictured as being plunged, but, on the contrary, showed neither physical nor mental traces of the great strain he is undergoing. He wore the simple uniform of an officer of the Imperial Guard, without a single order or decoration. Such references as he made to events in Russia indicated that his majesty had a complete grasp of the situation. The opportunity of talking to an American seemed to be particularly welcome to the Emperor, who spoke in an extremely appreciative vein of the United States, its people in general, and its great men in particular, linking the names of Lincoln and Roosevelt. He referred pleasantly to the visits to him of various Americans, including Brig. Gen. Thomas H. Barry and other officers who were attached to the Russian army in Manchuria, especially to the visit in December, 1903, of William Jennings Bryan, whose personality seemed to interest him greatly.

The Trouble at Crisfield.

The lawless mob which on Tuesday last practically had Crisfield, Md., at its mercy during the trial of the Nelson brothers, charged with taking oysters from the private plantations of the Tangier Oyster Planting Company, and who were convicted by Justice Kennerly, but afterward released by the justice under threat of the mob to lynch him if the accused were convicted, yesterday again asserted themselves by carrying into execution the threat to raid the grounds of the Tangier Planting Company. All day yesterday more than 20 boats could be seen scraping oysters from the bottom of these private beds while the owners sat helplessly and viewed the wilful robbery which was going on.

Governor Warfield has sent a telegram to State's Attorney Henry J. Waters, at Princess Anne, Somerset county, in which he says: "I stand ready to assist you with all the military force that may be needed."

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees--the coffee that for over a quarter of a century has been daily welcomed in millions of homes--and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use **LION COFFEE**, because to get best results you must use the best coffee. Grind your **LION COFFEE** rather fine. Use 1/2 tablespoonful to each cup, and one extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. **WITH BOILING WATER.** Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. **WITH COLD WATER.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3. Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground **LION COFFEE** before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine **LION COFFEE**, prepare it according to this recipe and you will only use **LION COFFEE** in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

A Fiery Advent

Mathews Wiseman's first born had almost a gory advent into this world early yesterday morning in Philadelphia. Providence and an exploding oil stove combined to destroy the Wiseman home an hour before the infant's debut, so it was born in the Jewish Hospital. The Wisemans have been married 11 months and occupied the second story of 465 Tenth street. Mrs. Sophie Wiseman, mother of Matthew; Mrs. Minnie Kamitzky and Dr. Rebecca Kirschbaum arrived Thursday night to assist at the expected arrival. About 2 o'clock, as the three visiting women were grouped about Mrs. Wiseman's bed, there was a report, followed by a deluge of blazing gasoline that drenched the bed coverings and clothing of the four women. A swaying skirt had upset the oil stove. Mrs. Kamitzky beat out the flames and hustled Mrs. Mathews Wiseman down stairs in short order. Mrs. Wiseman the elder and Dr. Kirschbaum helped each other to stamped out the fire and then hurried after the patient. They were all slightly burned. The younger Mrs. Wiseman was hurried to the maternity ward of the Jewish Hospital. The physicians say that the mother and child are not likely to suffer any bad effects from their exciting experience.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. See at E. S. Leadbeater & Sons' drug store.
